The Oregon Building Codes Division is looking for people with a strong desire to provide technical expertise to others in industry while learning and growing in our state's progressive building environment. The construction industry in Oregon is expanding. During this expansion, new technologies and construction methods are being used to build residential and commercial structures. For example, state-of-the-art engineered products and construction methods unique to Oregon are becoming more common. By joining the Department of Business and Consumer Services, Building Codes Division, you become an integral part of these exciting construction industry changes, enabling business growth as well as *protecting consumers and workers while supporting a positive business climate.*

What you will do!

As the Building Official for statewide services, this position will direct and manage the operations, processes, and activities related to the delivery of inspections and plan review services in those areas where the state is responsible for the administration and enforcement of the state building code. As one of six managers reporting to the Administrator and Deputy Administrator, this position is responsible for direction and management of the Statewide Services program. The position will direct the activities of a section that includes state building code operations in Salem and field offices, and supervises administrative and technical specialists who perform various duties such as scheduling, tracking, issuing permits, performing plan review and inspections, etc.

What is in it for you!

As part of a motivated team of executive managers and technical experts, you will have the opportunity to lead the development of policies related to the administration and enforcement of Oregon's building codes and related requirements which help fulfill the mission of DCBS. We work together to ensure our customers trust us to do the right work and deliver value through a client focused culture.

Benefits to working for DCBS include a commitment to a work-life balance and:

- Access to training that will help in the current role as well as assisting with career growth
- Comprehensive medical, dental and vision plans for the employee and qualified family members, including \$5,000 in employee basic life insurance
- Paid sick leave, vacation, personal leave and 10 paid holidays per year
- Membership in the Public Employees Retirement System (PERS)/Oregon Public Service Retirement Plan (OPSRP)

What you bring to the table...

We seek individuals who have experience managing high performance building code specialists, inspectors, and plan review teams that includes providing excellent positive customer service. You should possess a thorough understanding of building official roles and responsibilities with an insatiable desire to follow through on promises and commitments in a timely and consistent manner. You also know the requirements of the plans examinations, structural, mechanical, energy, and/or residential

codes and possess a willingness to assist and support others in identifying and resolving problems. You have an uncanny ability to communicate well and can discuss technical requirements to non-technical customers. You understand the importance of and can build great working relationships with constituents and stakeholders.
