

Our Hero in Need: Are You His Kidney Donor Match?

Jay Elbettar is our superhero: a devoted father, a loving husband, an amazing brother, a teacher, a visionary, a public service official, and a past president of the International Code Council. At 61 years old, Jay has been diagnosed with Chronic Kidney Disease. We are asking for help, in giving OUR JAY the gift of life by being his living donor. In completing the 10 minute confidential donor match eligibility questionnaire, you are taking the necessary first steps in saving his life.
